

THANKS TO ROCKINGHAM CITY MEMBERS - A GREAT MEETING - TALK ABOUT LOG OF CLAIMS!

Great meeting on February 15, 2023 with members at Rockingham Council Landfill and Main Works Depot.

Members gather in the Depot car park under the gum trees.

Members have unanimously endorsed a new log of claims seeking either 8% or WA March Quarter annual percentage increase (whichever is the greater) from 1 June 2023, 1 June 2024 and with an option for 1 June 2025. They are also seeking an upfront Cost of Living payment on registration of the new agreement of \$3,000.00. Members are also pursuing other key initiatives for the benefit of all workers at the Council.

All power to them.

As an aside mother nature took our Log of Claims very seriously and decided to drop a couple of hundred kilograms of branch right where some members were sitting and standing (please see photos). Give new meaning to the term LOG OF CLAIMS! Someone obviously thought it was a branch meeting but they were barking up the wrong tree.

Fortunately, no one was hurt.

Mother nature gives a sign that the log of claims needs to be taken seriously.

Perhaps next time the city will give us a safe meeting space!

Andrew Johnson
