

## SUPERANNUATION ON PAID PARENTAL LEAVE

The Albanese Government has advised on the 7<sup>th</sup> of March 2024, that as of 1 July 2025 that the Federal government will fund employees receiving the Federal paid parental leave (FPPL) entitlement and additional amount of 12% by way of superannuation contributions on that amount into the employee' nominated superannuation account.

This is an initiative driven by the entire Union movement in support of members to ensure that they are not penalised for establishing and raising a family.
