

VALE PHIL LORD – CITY OF MANDURAH

For Phil Lord a genuine friend and caring person to all.

Phil passed away from Motor Neuron Disease which took him faster than any of us expected. He is not in pain so it is a blessing.

Phil worked at the City of Mandurah in City Parks and later in Surveys and Planning for over 20 years bringing his humour and laughter with him, even if you didn't feel it up to being companionable yourself, you always felt the weight lift and the world not so grey after spending time in his company.

He enjoyed helping others whenever the opportunity arose.

He loved his family, fishing (with anyone anytime anywhere) and loved a beer after work with the guys at the depot social club.

He is missed by everyone and we are less for his passing.

Thoughts and well wishes to his family we are thinking of you at this time.

Richard Wilton Vice President and Mandurah Job delegate on behalf of the Mandurah members, and the Staff and Executive Committee of Management of the **LGRCEU WA DIVISION**
