

FREMANTLE DISPUTE GROWS AS LGRCEU CITY OF FREMANTLE MEMBERS FIGHT FOR FAIRNESS 16TH APRIL 2021

FREMANTLE EMPLOYEES KEEP UP THE PRESSURE ON THE CITY

The Freo LGRCEU crew manned the barricades again today along with the CFMEU members to show the city they are not prepared to accept unfair stand down provisions.

The Union and the employees are still waiting for the CEO and the Council to fix the wording in their agreement to make it fairer.

The CEO was absent and did not meet with the employees to hear their issue.

Action will continue in the week commencing 25th April 2021 to keep the pressure on the city to make them stand up and take notice of their employees.

Come and join your fellow members as they continue to lose pay in order to make themselves heard by the city.
